

Child abuse is a hidden, but significant problem.

Your help makes a difference  
in the lives of children!

The Child Protection Center is a 501(C)(3) child advocacy center (a non-profit organization). Although the center is located in Chillicothe, services are also provided to families in surrounding counties regardless of ethnic or socio-economic status.

The advocacy center's focus is a multi-agency approach, in a centralized child-friendly atmosphere. This is unusual for a community of our small size, but because of the magnitude of community support, a single location where children and their families can receive the help they need is provided.

**Our services are free and help many.**

All funds raised at Kid's Day go directly to:

- Education to prevent children from being abused
- Medical costs associated with examining each child
- Counseling to help the children and their families
- Creating a safe, child-friendly environment

All of our efforts don't amount to much  
without your support.

Thank you for being part of the solution!
